Summary of Skills

- Well seasoned in **Web Design** and **Print Design**, I am able to draw from my 8 years of freelance and agency experience, moving through the two disciplines fluidly.
- High attention to detail, especially in consideration to users, psychology, layout and usability.
- Proven diplomatic leadership skills, even under fire.
- Successful designs which return proven results.
- Fast-paced production expert.

Web Specific Skills

- Familiar with the entire site creation process, from wireframes to S.E.O..
- Expert XHTML and CSS, with a familiarity of emerging web standards such as HTML5 and CSS3.
- Excelent with IE6 Browser capability issues.
- Moderate Actionscript 2

Print Specific Skills

- Hands-on experience with the entire print production pipeline including: color matching, color processes, papers, binding, print technologies and techniques.
- Experience working with vendors and price negotiations.

Production Applications

- Mac, Windows, Linux
- General office applications, including Microsoft Office
- Adobe CS4 Design Premium software suite
